## Annual Report

---

THE Committee of the Liverpool Orphanage have pleasure in presenting their Statement of Accounts and Report for the year 1947.

Number of children in residence at the commencement of the year .. .. .	96
Boys left to take up positions found for them	4
Girls left to take up positions found for them	5
Children returned to care of re-married parents	15
Number of Admissions .. .. .	2

As in previous Reports the Committee have to record their continuous and unsuccessful efforts to obtain de-requisition of the Woolton premises. During the early part of the year, all Members of Parliament for Liverpool were contacted and their assistance sought in expediting an early release, but, whilst we are grateful for their efforts on our behalf, these, so far, have not borne fruit. The Ministry of Pensions Hospital at present occupying our premises is to be moved to Appleton Hall, Near Warrington, and as far back as March, 1946, the Minister of Works stated that his department was then urgently preparing plans of the necessary alterations. Now, almost two years later, we are informed that a start has not even been made.

If we are to maintain the high standard in child welfare to which we have always attained, it is imperative that the de-requisition of the Woolton building is effected immediately.

Meantime we are continuing to do everything possible for the welfare and education of our children under the evacuated conditions. All the boys and girls now attend the local schools and the marked improvement in their general demeanour is evidence of the success of this new arrangement, and we should like to record our thanks to the heads of the schools who so readily made our children welcome. Great credit also reflects upon our own staff, especially in the tackling of the psychological problems which the changed circumstances present. The

children's activities outside the Home have naturally increased and the kindness and interest shewn in them by the local residents has done much to establish their self confidence. We are particularly grateful to the friends who have offered the hospitality of their own homes for holidays.

During August, a number of the boys and girls again spent a camping holiday with the Scouts and Guides respectively, a hip gathering record was once more attained at Keswick, many happy hours were spent by the boys fishing and climbing, whilst at Ambleside, the girls participated in quite a number of local functions. A joint summer outing was as usual arranged and a happy day was spent at Grange this year. Autumn saw the commencement of evening classes at both establishments, woodwork and boot repairing for the boys, sewing, handicrafts and country dancing for the girls. Christmas was a particularly happy one, especially Boxing Day when all the Wanlass How children spent the day with the Hawse End boys, and received their presents—all of which had been made at night school. At Christmas, too, the local residents were most kind in sending the Orphanage children invitations to parties and entertainments.

The general health of the children has been excellent, and there has been no serious sickness to report from either establishment.

Due to extended activities our expenditure tends to increase, and in recording our grateful thanks to all subscribers and donors, would again ask for a continuance of their support.

---

It is with deep regret the Committee has to record the death of Mr. Leonard S. Cleaver, L.L.B. Mr. Cleaver relinquished his activities as Honorary Secretary of the Orphanage in August, 1945, and retired from business in December of the following year. He had been in failing health for some time, but nevertheless continued to take an active interest in all Committee matters until his death in June this year. In his passing, the Orphanage has lost a good friend, and his sound counsel and helpful advice will be greatly missed by all.

# ANNUAL SUBSCRIPTIONS, 1947.

*Subscribers would greatly oblige by informing the Secretary of any error in the following list, and also by communicating promptly change of address*
